

Election Today Sets Council Voting Date

• THE DATE OF the annual Student Council elections is now being decided in a special all-University election.

The voting booth in the Student Union lobby opened at 8:30 this morning and will close at 9 p.m. tonight. Booths in the School of Law and Medicine will be open this noon.

The student body is voting on a proposed amendment to the Articles of Student Government which would set regular Council elections at the end of the spring semester.

A majority vote for late spring elections in today's referendum would repeal an amendment passed by the student body in regular Council elections last May. The amendment, placed on the ballot by the 1955-56 Council, changed the date of regular elections from late April or early May to the first month of the spring semester.

Today's special referendum is the result of a petition signed by 152 students which was submitted to the Student Council December 4. The petition asked that the election date issue again be placed before the student body.

All University students are eligible to vote in today's election.

AFROTC Unit Holds Review

• UNIVERSITY AFROTC CADETS held their fall review and awards presentation ceremonies last Wednesday at Potomac Park.

Cadet Col. Charles M. Hunter and Cadet Maj. Charles E. Friend received distinguished AFROTC Cadet awards from Col. Carl Swyter, professor of air science. The cadets were recognized for maintaining an above average academic record and demonstrating outstanding qualities of leadership.

Cadet Hunter, for his contribution to the effectiveness of the AFROTC program, was also awarded the Chicago Tribune Gold ROTC medal. Mr. Lloyd Norman of the TRIBUNE made the presentation.

Mr. Norman also presented the Chicago Tribune Silver ROTC medal to Cadet S/Sgt. Lowell D. Pearl, in recognition of outstanding leadership potential in the AFROTC basic course and high scholastic standing in the University.

Two cadets were awarded National Rifle Association qualifying medals. Classed as expert was Cadet Airman 2/C Edward J. Hale and as sharpshooter, Cadet Airman 3/C Joseph L. Herbert. Marksman awards were presented to Cadets A/B Arthur W. Brooks, Jr., A/B James T. Harris, A/B Daniel B. Havens, Airman 3/C George B. Glavis, Airman 3/C Francis C. Deckelman, A/B Woodrow W. Everett, Jr., T/Sgt. William W. Montgomery, A/B Thomas H. Neuhauser and Airman 3/C Wilder M. Snodgrass.

Bowl Rally

• A MAMMOTH SUN Bowl game pep rally, sponsored by Colonial Boosters, will swing out tonight on Lisner terrace. The program will include the appearance of Jim Gibbons, local disc jockey, as emcee, the presentation of a plaque of appreciation to the 1956 football team by the Inter-fraternity Council, and the unmasking of the University's traditional football season mystery figures, George and Martha. Booster points will be awarded for attendance.

Mr. Tompkins, G. W. Trustee, Passes Away

• CHARLES H. TOMPKINS, University trustee, builder and benefactor, died last Wednesday morning at the University hospital. He was 73.

As president of the construction firm which bears his name, Mr. Tompkins built scores of Washington landmarks, among them the District of Columbia Federal Court house, the east and west executive offices of the White House, the Lincoln Memorial reflecting pool and the National Guard Armory.

Since 1935 all buildings at the University have been built under his supervision, including Lisner auditorium, the University hospital and cancer clinic, the University library, the Hall of Government, Monroe hall and Strong hall. The new Tompkins Hall of Engineering, which opened for classes this fall, was his gift to the University.

He received his engineering degree from the University in 1907, and in 1946 was awarded an honorary doctorate in engineering. A member of the University's board of trustees, he was honored last June at a special convocation at the new engineering building. A vault for the future, containing records of today's technological development to be preserved for 100 years, was dedicated to him.

Active in local civic work, Mr. Tompkins was general chairman of the 1956 Red Cross drive and served on the executive boards of the Washington Boys' Club, the United Givers' Fund and Children's hospital.

Sigma Tau Fetes Initiates at Dinner

• THE UNIVERSITY chapter of Sigma Tau, national engineering honorary, honored new initiates at a banquet December 8 at the Occidental restaurant.

For the first time in the chapter's history, a woman was among the initiates. Barbara Jane Seehorn became the fifth woman in the nation to be initiated into Sigma Tau. She will graduate in June, receiving a bachelor of science in engineering degree with a mathematics major.

Other new members are Rexford G. Booth, Howard R. Davis, Robert W. Fulcher, William R. Hahn, Jr., George D. Hinshelwood.

Music Committee

• DEADLINE FOR petitions for membership on the University's new musical appreciation committee is 5 p.m. tonight. The committee will aid in the establishment of a music room in the University library.

Joseph M. Mast, Richard W. Rumke, Frank Ryerson and Norman H. Street.

Mr. M. H. Cook, a national officer of Sigma Tau and vice president of Bell Telephone Laboratories in New York, addressed the group. Benjamin C. Cruickshanks, professor of mechanical engineering, and faculty adviser to the chapter, awarded keys to the new initiates.

Master of ceremonies at the banquet was Irvin H. Schick, chapter president.

Sigma Tau was organized to recognize outstanding engineering students. Members are selected on the basis of scholarship, leadership, practicality, personality and character.

Dr. Doyle Talks At MLA Meeting

• DR. HENRY G. DOYLE, dean of the Columbian College, will address the 71 annual convention of the Modern Languages Association to be held December 27, 28 and 29 at the Statler Hotel.

University faculty members serving on the local committee on arrangements include

Dr. Robert W. Bolwell, chairman of the Graduate Council, chairman; Dr. Calvin D. Linton, associate dean of the Columbian College, associate chairman, and Robert E. Gajdusek, instructor in English.

Dr. John G. Allee, Jr., assistant

dean of the Division of University Students, heads the registration committee; Dr. William G. Clubb, assistant professor of

DEAN DOYLE

Honorary Taps First 20 Men

• TWENTY SOPHOMORE and junior men were tapped for the Order of Scarlet, newly organized sophomore and junior men's honorary, at last Friday night's performance of "Girl Crazy" in Lisner auditorium.

The new group honors men with a minimum quality point index of 2.5 who have demonstrated an active interest in serving the University.

Jerry Reinsdorf, chairman of the Order's board of governors, conducted the tapping ceremonies. Jim Newheiser and Ray Garcia, members of the board, initiated the twenty men.

Mr. Reinsdorf was introduced by Joe Hince, also a board member. Ed Crump, fifth member of the board, explained the aims and purposes of the order to the audience and Dr. Don C. Faith, director of activities for men, delivered the charge to the new initiates.

Inducted were Paul Truntich, Eugene Horowitz, Robert Shuken, David Steinman, Michael Kammen, Derek Von Roemer, Ronald Latimer, Thomas Brewster, Richard Jamborsky and Ernest Auerbach.

Also, Al Rode, Ray Sullivan, Albert Pinto, Warren Barley, Frank Gregory, William Reining, Ronald West, Richard Cook, Jerry Osborne and Edward Felegy.

TEP Collects 37 New Toys

• TAU EPSILON PHI fraternity, with an initial contribution of 37 new toys, kicked off the Student Council-WRC "doll house" campaign last week.

Today and tomorrow are the final days in which toys may be deposited in boxes located in the Student Union, Strong hall, Tompkins hall and Stockton hall. A representative from WRC, local affiliate of the National Broadcasting Company, will add the toys donated by University students to those received from other schools, agencies and individuals in the Washington area.

Joe Hince, Student Council president, appeared last week on WRC-TV to boost the drive among students here and at other area schools.

The Panhellenic and Inter-fraternity Councils, as well as many independent University organizations, have lent their support to the campus campaign. Al Rode, Student Council chairman of the doll house drive, has set the University's goal at 100 new toys.

The gifts will be distributed through the Christmas Bureau of the United Community Service. Last year, WRC's city-wide efforts netted a total of 22,013 toys and \$2,130.

French, is deputy to the M.L.A. treasurer; Dr. James H. Coberly, associate professor of American literature, is information chairman, and Dr. Elbridge Colby, professor of journalism, is publicity director.

Dr. Charles W. Cole, professor of American literature, is faculty exchange chairman; Dr. Philip Highfill, Jr., associate professor of English literature, aides chairman; and Dr. L. Clark Keating, professor of romance languages, associate meetings chairman.

Dr. John P. Reising, Jr., assistant professor of English, is local treasurer; Ernest S. Shepard, professor of English literature, signs chairman, and Dr. Fred S. Tupper, professor of English literature, hotel accommodations.

Also serving are Robert C. Willson, assistant professor of journalism; Antonio Alonso, associate professor of Spanish; Mary Jane Cook, instructor in English composition; Alan T. Delbert, professor of romance languages; Dean Doyle and Richard B. Erno, instructor in English.

Also, Warren Gould, director of alumni relations; Averett Howard, associate professor of English composition; Dr. James C. King, assistant professor of German; Dr. Wolfram K. Legner, associate professor of German, and Dr. Muriel H. McClanahan, associate professor of English composition.

Also, Joseph L. Metivier, instructor in romance languages; Dr. Robert H. Moore, associate professor of English composition; Dr. Merle I. Protzman, professor of romance languages; Roy C. Putman, instructor in English composition, and James W. Robb, assistant professor of romance languages.

Also, Dr. Gretchen L. Rogers, associate professor of German; Dr. Rafael Supervia, associate professor of Spanish; Dr. William L. Turner, assistant dean of the Junior College, and Mrs. Helen Z. Yakobson, assistant professor of Russian.

February Graduates

• ALL STUDENTS who expect to graduate in February, 1957, must file application for graduation at the office of the registrar by January 14.

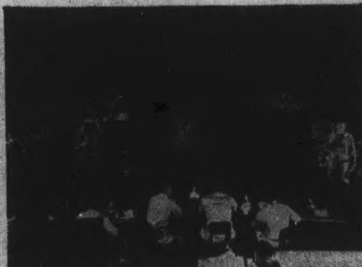

FORD INSTRUMENT COMPANY TO INTERVIEW ENGINEERS HERE

What engineers are doing at Ford Instrument Company

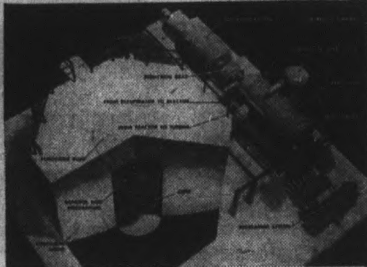

GUIDED MISSILES:

Typical of FICo is its work on the guidance system for the Redstone Missile and with the Army Ballistic Missile Agency on research, development and design of more advanced systems. Ford is also working with the Air Force and Navy in the missile guidance field.

ELECTRONICS AND RADAR:

Ford Instrument engineers are doing advanced work in electronics for data handling computers. Radar design, transistor work, airborne equipment, and both digital and analog computer development are the backbone of the company's research. The techniques FICo has developed in this work have application in the design of commercial and industrial automatic controls.

CLOSED CYCLE GAS-COOLED REACTOR:

This peacetime application of nuclear power is being studied at FICo. Operation of this type of reactor is based on the use of nitrogen or helium under pressure as the working fluid for direct transfer of energy from reactor to turbine. The feasibility of building by 1961 a power plant using this type of reactor to propel an oil tanker is now being worked on in FICo laboratories.

AIRCRAFT INSTRUMENTATION:

Ground position indicators, course and distance computers and other navigation equipment developed at Ford

Instrument Company are being installed in the most modern aircraft. Instruments for jet engines, for polar navigation, and aerial telemetry are emerging from the laboratories and into the shops of the FICo plants.

For over forty years, Ford Instrument has been designing the computers and controls that aim our naval guns and torpedoes, direct our rockets and warplanes and more recently, control nuclear reactors. Not widely publicized for security reasons, but highly regarded by the experts in the field, the achievements of the 2500 people at Ford Instrument Company have been advancing control engineering and computer development in many fields. Very soon, FICo will interview applicants on this campus to fill engineering positions for some of the most rewarding and interesting projects in America. Watch for further announcements.

FORD INSTRUMENT CO.

DIVISION OF SPERRY RAND CORPORATION
31-10 Thomson Avenue, Long Island City 1, New York

Engineers at Ford Instrument have exceptional opportunities

1. You get a chance to show your abilities

Ford Instrument Company is large enough to offer a variety of interesting work, and small enough to give its engineers a sense of individuality. Your engineering knowledge and abilities will certainly be put to the best possible use. The people you work with will be stimulating and congenial, and the opportunities for your future will be unlimited. It is a company made up of technically minded people. When we tackle problems, an entire team takes part, and each member watches every step of progress from new idea to practical reality.

2. The work involves America's future

On this page are shown a few projects which Ford Instrument engineers have worked on. There are many others, but they all have one thing in common: These vital projects encompass a variety of technological advances which are important steps in the scientific and industrial progress of the country.

3. Job benefits are unusually liberal

Salaries are as good or better than offered by other companies in the field. There are many other job benefits, such as payment by the company of full tuition for advanced study, pension, and insurance. Your future at Ford is stable, because only positions of permanency are offered.

4. Advanced study is at your doorstep

Such excellent schools as Columbia, New York University, Polytechnic Institute of Brooklyn, City College of New York, Cooper Union, Pratt Institute, Stevens Institute of Technology, and Manhattan College are within easy reach. For those interested in advanced degrees this is of value. In addition, most scientific and engineering societies have their headquarters in New York. You can enjoy their regular meetings and the contacts with other engineers.

We often forget the advantages of living in New York or its suburbs. The city, with its opportunities for entertainment, culture, shopping and sports, has everything — it is truly the capital of the world. From the U. N. Building to Radio City, from the glitter of Broadway to the shops on Fifth Avenue, from the Battery to Central Park — New York is an exciting city to see and a stimulating one in which to work.

Job Jots

Girls' College Needs 'Prof'

- **FULL TIME**
- **ENGLISH TEACHER**—For girls' college in Pa. Will teach freshman and sophomore English, Shakespeare and Milton. M. A. required. Man or woman for job open immediately.
- **LEGAL AIDE** — For government agency in N. W. Must have status or have passed the F.S.E.E. GS 5 or 7.
- **PERSONNEL OFFICER**—For government agency. Placement and classification work. Person in 20's or 30's with status preferred. GS 5-7.
- **OPERATOR OF MOVIE PROJECTOR**—Must be citizen. Requires 2-3 week clearance. Job with research organization in n. w. \$220 to start.
- **SALES AND STOCK WORK**—For liquor store. Job to begin Dec. 19 and last through Jan. 3. Could be part-time job after holidays. Man only, over 21. \$50-60/-wk.
- **PART TIME**
- **ADDRESS ENVELOPES**—For inaugural invitations. Open now until Jan. 20. Rate open (\$1.50/hr. possible for excellent penman.)
- **ASSISTANT**—For a government department. Should know basic amount about statistics. 4 hr./da., 4-5 da./wk. 40 wpm typing.
- **GROUP LEADERS**—For community house. Children ages 6-12. Academic training or experience preferred. 2:30 to 5:00 and/or 9:30 to 12:00 on Saturday.
- **RUMANIAN INSTRUCTOR**—Native preferred. 250 working hours between March 11th and May 24th. \$2-\$3 hr.

P.D.G. Honors Founders' Day

• **PROFESSOR HOWARD B. GILL**, director of the Institute of Correctional Administration at the University, spoke at the annual Founders' Day luncheon of the University chapter of Phi Delta Gamma, professional sorority for graduate women, last Saturday at the Dodge Hotel.

Professor Gill's topic was "A Twenty-Year Plan for Today's Woman."

A graduate of Harvard University with bachelor of arts and

Council Absences

• **EXCUSED BY THE** president and represented by proxy at last week's Student Council meeting were Anthony Lane, School of Engineering representative, and Bernie Passeltiner, publicity director.

master of business administration degrees, Dr. Gill served for three years as head of the curriculum in correctional administration at the University of Wisconsin.

He is a veteran of twenty-five years in state and federal prison work, including positions as head of a retraining institution, administrator of a prison system and consultant and adviser on prison problems.

Author of numerous articles on prison labor, Dr. Gill has served as editor of volume five of U. S. Prisons, manuals on prison case records and prison officer training and a correction institution survey by the office of the U. S. Attorney General.

3 From Med. Take Honorable Mention

• **THREE UNIVERSITY** medical students are among the winners of the Schering award contest for 1956.

Winning honorable mentions in the annual competition, open to all medical students in the U. S. and Canada, are Theodore C. Woy, Paul R. Dinsmore and Ian H. Plenderleith.

Awards were made for entries in three categories. Mr. Woy and Mr. Dinsmore submitted papers on "Metabolic Aspects of the Aging Process." Mr. Plenderleith's topic was "The Clinical Use of Adrenocortical Steroids in Collagen Diseases."

Deadline for the 1957 contest, sponsored by the Schering Corporation of Bloomfield, N. J., is January 1. This year's topics are "Incidence of Various Types of Cardiovascular Diseases by Age Group in the Male and the Female," "Recent Trends in Corticosteroid Therapy for Ocular Disorders" and "Recent Advances in the Biochemical Aspects and Treatment of Mental Diseases."

A \$1,000 first prize and a \$500 second prize are offered for papers on each of the three topics. Chairman of the competition is Dr. Chester B. Szmal.

Chem. Group Tours Bureau

• **THE CHEMISTRY CLUB** will tour the U. S. Bureau of Standards December 28. The group will meet at the Bureau's Van Ness st. gate at 9:45 a.m.

• **THE UNIVERSITY PLAYERS** will meet Friday, December 28 at 7:30 p.m. in Studio A of Lisner auditorium.

• **TASSELS, SOPHOMORE WOMEN'S** honorary, is sponsoring a tutoring service for University freshmen. Lists of tutors available without charge are filed in the offices of the director of

men's activities and the director of women's activities.

• **THE HATCHET STAFF** will meet at 7:30 p.m. January 3 in the conference room of the Student Union annex to assign stories for the issue of January 8. Positions are open on the news, sports and business staffs.

• **PHI ETA SIGMA**, freshman men's scholastic honorary, initiated seven men last Tuesday night in Woodhull house. New members are Paul Truntich, Richard Rubin, James Wilson, Stanley Pickett, David Fram, David Steinman and Malcolm Martin. Members are required to attain a quality point index of 3.5 or above in their freshman year at the University.

Editorial

Christmas Wish

• FROM THE BOARD of Editors and Staff of the HATCHET to University administration, faculty and students:

Our wishes to you all for the merriest of Christmases, with stockings stuffed full of good things and lots of presents under the tree;

For the peace and joy which should fill every heart at this season;

And for a healthy, happy and successful 1957.

Letters to the Editors

Hince Likes May For Feb. Election

• TO THE EDITORS:

I give my utmost support to April-May Student Council elections. First of all the regular school year runs from September to May—not from February to February. Secondly, under May elections most chairmen would serve under the Council appointing them; for example, Winter Weekend, Career Conference, Senior Prom and Colonial Cruise. The Student Handbook editor would complete 90% of his work under the Council that appointed him. May Day is another thing to be taken into consideration. May Day with its tapping for honoraries and crowning of the May Queen, which are important functions, would be poorly lacking in attendance without the drawing card of Student Council election results.

One of the main arguments for February elections is that the old Council can help the new Council. All the help that a new Council needs can be given to them in the three weeks that the new Council serves in May plus the written reports submitted from the Council going out of office.

Also, Council members elected in February would serve one semester and then have a summer break. After the summer break the Council has to spend valuable time reorganizing. By the time that such a Council really began functioning smoothly again, they would be out of office.

According to the minutes of the Student Council meeting of April 26, 1956, it was moved and seconded that Student Council elections be held during the first month of the spring semester. This motion was defeated.

A special Student Council meeting was called for the following day. This meeting was called to order at 12:48 p.m. The motion concerning February elections was brought back on the floor. It was seconded, discussed and passed. Another motion, concerning another bit of Council business, was then brought on the floor. This motion was seconded and discussed. After discussion, the motion was tabled. The meeting adjourned at 1:16 p.m. The total time of the meeting was 28 minutes. 28 minutes that this weighty issue had to share with another motion. I honestly believe this was a hasty move.

Since last May the active and thinking students have had seven months to think of the advantages and disadvantages of February or April-May elections. Most active students realize, through the study of the issue, that a May election has more advantages than a February election. Due to the pressure and excitement of campaigning, few people really considered the pros and cons of the issue. The lapse of time between May and December has given the students the opportunity to study the problem and to vote with knowledge.

/s/ Joe Hince,
Student Council President

• GENTLEMEN:

Last May, I, along with the majority of the student voters, approved an Amendment to the Articles of Student Government changing the time of student elections from May to February. I now find that without allowing the mandate of the voters to be fulfilled in practice the HATCHET is editorially supporting a movement to have the decision revoked. In order to keep the record clear, certain allegations and misrepresentations of the editorial in the last issue must be answered.

The main charge made was that "it would be better if that break (between Council) came during the spring when the new Council will have all summer to start reorganizing. . . ." However, the truth of the matter is that the new Council does not actually reorganize during the summer, for many of the representatives leave for summer vacations and their positions are filled by proxies who at best represent the representatives, not the electorate. Elections held in February would allow a true organization of the new Council with its entire true membership present, so that policy may be formulated and action started before the "proxie break," as well as giving the new Council the benefit of the personal advice of outgoing Council members, often not possible with May elections, and certainly not available for four months. Possibly a Freudian slip of the Editors shows that they recognize the truth of these arguments, for it is stated that the present Council is "just now . . . beginning to hit its natural stride."—A full seven months after election—and why such a lag in gaining momentum? Could it be that the four months of "dead time" of mid-May to the beginning of September militated against the quick and efficient reorganization desired? The voters thought this was the case last May when they approved the Amendment.

A secondary basis for the change in editorial support was that February elections would not allow "newly admitted students . . . make an intelligent choice." It was, I trust, by oversight, not intention, that the Editors have attempted to build this mole-hill into the proverbial mountain, for the truth of the matter is that the new student registration will be negligible since there are no longer February graduating classes from D. C. area high schools. Moreover, the change to February elections will give an opportunity to get the campaigns off the streets and away from the mountainous litter of discarded handbills and move it into the more proper area of public forum and discussion of issues, policy and student opinion, which will allow all students to "make an intelligent choice" to an extent impossible under the

Council Capers

Rode Poses Plan To Improve Fair

by Rhoda Ezrin

• AL RODE, Freshman Director, brought before the Council two suggestions for increasing freshman attendance at the annual Activities Fair. The first is to present an award at the Fair to the freshman boy and girl having the highest scholastic average; the second proposal is to have each fraternity honor that pledge whom it feels has displayed the best potentialities for doing outstanding work in his remaining years in college.

"Although the Activities Fair has been well attended in the past, it has been primarily the older students who have turned out," Mr. Rode said. "One of the main objectives of the Fair is to stimulate freshman participation in various school activities." The Fair will be held on Friday, February 15 at 7 p.m. in the Dimmock lounge of Lisner auditorium.

Student Union Chairman Bob Shuken announced that a dance will take place on the second floor of the Student Union on Wednesday, January 9 from 12 to 1 p.m. The first of a series of noon-time Union dances, it will feature a band.

system the electorate discarded when given the chance last May.

Passing over the curious belief that the May Day "tradition" can "do away with the fallacies of a February election" with just the wonderment that "traditions" have the power to do away with "fallacies," I wish to earnestly urge students to uphold their decision of last May that the proven defects of such elections should be eliminated by the February election system by voting again for February elections, a decision approved by one general election, an affirmative vote of the Student Life Committee, and sanctioned by the Board of Trustees. /s/ Eugene I. Lambert, Class Year 1957, Columbian College

Advocates May

• TO THE EDITORS:

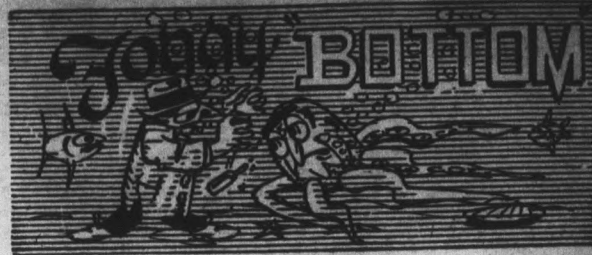

The proposed amendment to the Articles of Student Government stating Student Council elections be held between April 1 and May 10 is one which should be advocated by all students. By the present method, seniors graduating in June have no opportunity to serve on the Council; in order to do so they must run for office during the middle of their junior year. Any junior classman wishing to serve must run for office during the middle of his sophomore year. By this system more sophomores and juniors will be serving on the Council, taking away the opportunity for more experienced seniors to serve.

A second complaint with the present method is the particular time stated for elections. With voting taking place in early February—February 13, to be exact—those students entering at the mid-semester have no opportunity to evaluate the capabilities of the candidates for office; thus our present problem of mass politicking will be grossly increased.

Thirdly, events such as the Activities Fair of the Freshman Director and the remaining Colonial Series programs of the Activities and the Program Directors will be carried out by the newly-elected Council members; both of these programs have been planned by the previous members and should be carried through by them. Also, while on the subject of the Colonial Program Series, enthusiasm for the last event in the series—May Day—will decline without the incentive of the announcement of election results.

If given a summer in which to gain experience and knowledge in their new tasks, I sincerely feel our Student Council could more thoroughly benefit the University and student activities.

/s/ Bev Borden,
1954-55 Student Council
Freshman Director

by Hester Heale

• WHAT A COOL musical that was! And as for any of you bums who didn't see "Girl Crazy," you really missed!

The cast made merry both nights, with the Friday night cast party held at the Phi Sig house. Notable couples included Pike Bernie Pas, boy sheriff, and Pi Phi Betsy Evans, Delt Tucker and DG Nancy Jo Niesen, Phi Sig Chuck Forbes and Kappa Eddie Clark, and (salam, salam!) HATCHET editors Bobby Holland and Ernie Auerbach.

Saturday night's blast at the Teke house also served as a farewell to director Julian Barry who has now returned to New York. And just to be in the spirit of the thing, five cast members filled with the haunting refrains of the Gershwin show went around serenading Strong hall and Freshman Club. But did you have to do it at 5 in the morning, fellas?

The week end also was riotous with Christmas Formal and parties. Kappa Sig held their annual Black and White formals Saturday night, while the Phi Sigs went formal for their annual Christmas dance. Sweetheart Judy Touhey, Pi Phi, was presented with a corsage as the highlight of the dance.

The Delta Shelter was the scene of more Christmas festivities, as

Christmas carols blended with the strains of rock 'n roll, and a punch of all sorts of ungodly goodies was served (and consumed).

Friday night was tree decorating at the SAE house as Eldon Miller demonstrated successful (eventually) methods of nailing trees to bases. Big news from the SAE chapter this week is the pinning of Bob McCandless, bon vivant, etc., to Delta Gamma Sue Hennings.

Santa Claus himself was seen last Sunday on old G Street as he came down early for the Sigma Nu-Wandering Greek party for children from the Barnaby Neighborhood house. Presents, carols, and Mr. S. Claus, of course, were the highlights of the afternoon.

Ah, chaps, my space is cut short this week by those nasty editors who seem to develop a Scrooge complex every year at this time. Printing horrid things like exam schedules right before Christmas vacation! Cutting short Foggy! Nasty, nasty! But, on the bright side, much space is promised for news of all those tremendous blasts you're going to have over the holidays, if you write them up and hand them in. So let's start the new year right and all that sort of rot. Meanwhile, have a cool Yule!

Girl Crazy Receives Thunderous Ovation

'GIRL CRAZY'

by George and Ira Gershwin
Directed by Julian Barry

Orchestra—University Band

by Daniel Wheeler

• THE UNIVERSITY Players' revival of George Ira Gershwin's tuneful "Girl Crazy" last weekend provided a first class vehicle for the display of a tremendous variety of local talent. The Players' most ambitious undertaking in recent years received thunderous applause from near capacity houses both Friday and Saturday nights.

Although working in the most difficult theatrical medium, director Julian Barry kept his talented group moving rapidly and smoothly throughout the sketchily plotted story of an eastern playboy's misadventures in the wild west. Len Phillips and Ann Mitchell were excellent in their roles as Danny Churchill, girl crazy New Yorker who decides to make the best of a two-year paternal sentence to ranch life in Arizona by turning

Buzzard's Ranch into a dude ranch, and Molly Gray, pretty postmistress who succumbs to Danny's promise to show her the Chrysler Building by moonlight.

The original Broadway production created a new star and renewed the fame of another. And just as Ethel Merman and Willy Howard did in the roles they created, Bev Borden and Bernie Passeltiner stopped the show time and again. Miss Borden's Kate Fothergill was lusty, tough and vibrant. The audience loved her. Mr. Passeltiner's Giebler Goldfarb was warm, droll and contagious. His comedy provided the real sustaining interest in the show.

Other supporting roles were ably performed by Bev Alexander, Bob Dolson, Doris Weinberg, Don Sebade and Burt Minkin.

The Dance Production groups contributed just the right amount of dancing for a show which goes back to the days before the DeMille era, and the chorus made up for any lack of professional talent by its obvious interest and enthusiasm. Special credit should go to Elizabeth Burtner and Verlyn Brown Flieger for the choreography, Donald Kline for the set design—especially the artfully conceived bar set, Bob Bloch for the musical arrangements, and Justin Lawrie for the choral direction. The uncredited job of revising the original book for a 1956 production was performed by someone with obvious theatrical know-how.

The entire production was a tribute to the ambitions, the talent, the work and the love of performing demonstrated by the many people who contributed to the show's great success.

• THE STUDENT COUNCIL campaign to collect used eyeglasses and old jewelry will continue through tomorrow night. Students may deposit contributions in a box in the Student Union lobby. The campaign benefits the Society for the Prevention of Blindness in the District of Columbia.

High Scoring Features Second Week's Action

by Bill De La Vergne

• FIVE HIGH-SCORING GAMES featured the second week of the Intramural basketball league.

The Indians of League A, paced by John Bouquet with 31 points, walked away from ROTC (B), 76-15. As the 61-point difference indicates, the game was "no-contest." Jahrsdoerfer and Gianukakis chipped in with 16 and 13 points respectively.

In a hard fought game the Rebels, also of League A, pulled away in the second half to beat the Scholars, 64-48. Four men hit in the double figures for the Rebels, with Carl Zaleski leading the way with 16. Ed Sakach, who dropped in 12 of his 14 points in the second half, was instrumental in overcoming the 23-22 halftime deficit.

Sigs Sizzle

The entire first team of the Jersyans scored in double figures as they swamped Kappa Sigma, 83-34. Dick Bonieski and East were high with 20 points apiece.

Bob Frulla

• BOB FRULLA was selected on the West Virginia All-Opponent team picked last week. Frulla, a 200-pound guard, played a bangup game in a losing cause against the Mountaineers. Dave Liddick was picked on the second team while Bob Jewett, Ed Sakach, and Bob Sutton received honorable mention.

League F action produced the final two high-scoring games as PIKA (A) outclassed Kappa Alpha, 73-10, and SAE (B) was snowed under by Sigma Chi (A), 93-14. The Pikes led 41-2 at the half and coasted home with ease. Sigma Chi (A), with a well balanced attack, was led by Vern Yates' 20 points. Chris Catoe was the only man who gave the Sig's any trouble. Catoe tallied 10 of the SAE's 14 points.

Other results:

League A—Med Freshmen 23, Newman club 15; League B—SPE 32, Pirates 23; Med Juniors 56, AEPI 22; Sigma Chi (B) forfeited to Med Sophs. Jim Shifflet was the big gun for SPE, tallying all of his 10 points in the second half to insure their first victory.

League C

League C—Law 39, Phi Sigma (B) 23. Phi Alpha (A) and Pi Kappa Alpha (B), and SAE (A) and Sigma Nu were cancelled. The Law School, with Sims leading the

way with 13 points, built up a comfortable 27-6 halftime lead and held on to even their record at 1-1.

League D—ROTC (A) 52, TKE 42; Mighty Mites 54, Delta Theta Phi 28. Gridiron star Don Herman dumped in 31 points to pace ROTC to its first victory. With Dick Christie scoring 12 of his 18 points in the final quarter, the Mighty Mites pulled away from a close 20-16 halftime lead to chalk up their second win of the season.

League E—No games; a bye for this week. League F—Phi Alpha (B) 53, Theta Tau 40. Leading by only three points at halftime, 28-25, Don Mason with his 26 points sparked the Alphans to their victory. Ruben pumped in 12 points to aid the cause. Grady and Dobyns with 11 points apiece were high for Theta Tau.

Poor Officiating

INTRAMURAL NOTES: This week marked the first forfeit in the league. It is hoped that this will be the first and last one.

Some of the officiating at the games on Sunday was very poor. The reasons for this poor refereeing might have been due to the fact that the officials had been on a long basketball trip the previous evening. Nevertheless, when two teams are giving their all, they shouldn't be the victims of the laxness of a few referees.

contracted the interest of G. W. The interest was mutual, Bucky asserts. He came to Foggy Bottom because of the caliber of basketball played here.

All-Catholic Team

Bucky is evidently used to good basketball. Born in Martinsburg, W. Va., he attended St. Joseph High School, representing that institution twice on the Catholic All-W. Va., team. He was also recently chosen to play with the Eastern All-Stars against the American Olympic team.

Bucky is a Phys. Ed. major and would like to coach basketball when he graduates. However, he has to concede that he's interested in an offer from an aircraft company to act as a public relations man when he finishes school. Finding that studies and basketball constitute enough of a load to keep him busy, Bucky generally confines his activities in his spare time to playing baseball or boxing. He also likes to congregate with other athletes in the Welling hall room of footballer Bo Austin to listen to records. His favorite records, incidentally, are those made by the "Platters" and he rarely misses an opportunity to pick up their latest release.

Bucky has an affinity for fried chicken and rates Steve Allen as his favorite television performer.

His two greatest thrills were seeing the Pope during one of the Pontiff's public appearances in Rome, and being present in Eng-

land for the coronation of Queen Elizabeth.

Not overly tall for a college basketball player, Bucky seems shorter than his six feet three inches. But his arms betray hard-

ened muscles which indicate hard-driving well-conditioned power. And his performances on the floor has been powerful indeed. He is the second leading scorer having an average of 11.2 points

Colonials Drop Fourth Straight Game Make Worst Start Since '28 Season

SUNBOWL BRIEFS

by Paul Truntich

• THE COLONIALS started limbering up last week in preparation for their Sun Bowl game with Texas Western. Heavy drills are in store this week, lasting until the 22nd. The players then get a rest for a few days and leave for El Paso on the 27th.

G. W. will attempt to capture the Washington Area's first Sun Bowl victory. In 1950 a favored Georgetown eleven fell before Texas Western, 23-20, and in 1946, Catholic University was held to a 0-0 dead lock. The thin air and Texan hospitality were very instrumental in the upset. If the players aren't used to the rarified air, they can't play very long without becoming short-winded.

Texas Western hopes the Buff will become short-winded in another way—by trying to catch the speedy Miners. With two halfbacks who do the 100 under 10 seconds, a pair of fullbacks who can fly, and two quarterbacks, one who flips the long scoring passes and the other working the option play to perfection, the Colonials only hope is to hold on to the football and bring out the yardage. But during the regular season G. W. controlled the ball 535 plays while the opposition had 586 cracks with the ball.

The game shapes up as the Buff's beef against the Miners' speed, with G. W. outweighing T. W. 15 pounds per man in the line. But the Colonials also have backs who can scoot with the ball once they break in the secondary. "A" unit halfbacks Dick Claypool and Mike Sommer can hold their own with anyone. For Sommer though, this will be the final chance to flash his great '55 form. Mike could be the key to the Colonials' chances. The "B" team halfbacks, Pete Sepra and Ted Colina, are more of the slashing type, but they both can move.

An interesting sidelight is the way both coaches made important changes before the start of the season. Coach Bo Sherman switched Claypool from fullback to halfback and moved Shorty Varley from tackle to center. Coach Mike Brumbelow made even more startling shifts. He moved a center, Bob Laraba, and a fullback, Bob Forrest, to the key quarterback spots and juggled his line to provide strength at guards and tackles.

Another similarity is that both coaches used a two-platoon system of substitution. Coach Sherman had no standout stars as he alternated his "A" and "B" teams. To Coach Brumbelow, there wasn't much difference in speed and agility between his two teams.

Leading scorer and ground gainer for the Miners is right halfback Jimmy Bevers. Bevers scored 54 points on nine touchdowns and gained 606 yards for a 6.2 average. Don Maynard left halfback, picked up 387 yards for a 5.2 average. Quarterback Bob Forrest gained 484 yards for a 6.9 average and completed 11 of 25 passes for 242 yards. The other signal caller, Bob Laraba, scored five touchdowns and connected on 26 aeriels for 568 yards and four more touchdowns.

It will take some doing to stop the talented Miners, but the Colonials have come through before when the chips were down.

McDonald Shines In Losing Streak

by Viris Cromer

• WITH THE basketball team in the midst of a losing streak it is fitting to take a glance at one of the Colonial hoopsters who has been starring, namely Bucky McDonald.

When last year's outstanding squad amassed a sparkling record of victories only to be upset in the Southern Conference championship tournament, coach Bill Reinhart immediately began looking with anticipation into the future

BUCKY McDONALD

and quickly surmised that this year's team seemed capable of covering itself with yet more glory. This, he explained, would probably be due to several transfers from various West Virginia colleges.

Bucky McDonald is one of these. Originally enrolled at Shepherd College in West Virginia, he had a career there of only two weeks before he was inducted into the army and sent to Germany. While in Europe, he toured the continent with a team of Army all-stars and (See McDONALD, Page 7)

Make Worst Start Since '28 Season

by Bob Lipman

• GEORGE WASHINGTON ventured South to try its luck last week but was walloped by both North Carolina and North Carolina State to run their winless string to four in a row.

This is the worst start that a Colonial team has had since the 1928-29 season, when they lost their first seven in a row.

In the game with North Carolina, Lennie Rosenbluth scored 27 points to lead the Tar Heels to an 82-55 victory over the Colonials. This defeat was the third straight loss inflicted upon the Colonials, while the Tarheels racked up their third win of the season without a defeat.

Poor Shooting

Joe Quigg, 6-10 center, completely dominated the boards and was the only other Tarheel to hit in double figures, scoring 16 points.

The only bright light for the Colonials was Gene Guarilia, who hit for 19 points on six field goals and seven foul shots. Second high scorer was Jerry Cooper with eight points.

G. W. had the poor shooting percentage of 26 per cent, as they made only 18-70 field goals, and 19-30 free throws, while the Tarheels made 43 per cent of their shots. This is a far cry from last year when the Colonials were the most accurate shooting team in the nation.

Slow Half

Rosenbluth and Co. ran away with the game from the start. After five minutes of play the Tarheels ran up a 20-10 score, with Rosenbluth netting ten of those points. At halftime the score was 34-13. The closest that G. W. came in the second half was 16 points when the score was 66-50.

Other scorers for G. W. were Ron Matalavage and Bucky McDonald who scored seven and six

points. One big disappointment was the failure of Bill Telasky who hit for only five points and made just one of thirteen field goals.

The North Carolina Game was no different. Over 4500 people saw State extend G. W.'s losing streak to four as the Wolfpack took a 76-52 win from the Colonials. Five men hit in double figures for N. C. State, with 6-11 Bob Seitz and 6-9 John Richter spearheading the attack. Seitz scored 20 points, while Richter netted 19.

The Wolfpack welcomed the Colonials into their den with glee. They had lost two straight ball games to Clemson and South Carolina. G. W. was a good cure as the Wolfpack made it seventeen in a row over the Colonials.

John Jolly was high scorer for the Colonials with 14 points. Bill Telasky and Gene Guarilia each had 11.

Home Game

Too much height and a tight defense bottled up the Colonials for most of the game. The closest they came was within five points, shortly after intermission. With the score tied 25-25 with 5:43 remaining in the first half State roared into a 43-31 lead and the Colonials never again seriously threatened.

The Colonials first home game of the season was with V.M.I. at Fort Myer last night. It is their second Southern Conference game and it should even up the conference record at 1-1. The Buff have another home game this week, meeting Washington and Lee at Washington-Lee High School.
